

## COMMON ENTRANCE REVISION COURSES 2017

British Tutors is a leading provider of Common Entrance tuition in Hong Kong. With many years' experience working with applicants to the top UK schools, our students have successfully gained places at Eton, Winchester, Harrow, Radley, Cheltenham Ladies' College, Wycombe Abbey and St. Mary's Calne amongst many others.

Led by our specialist Common Entrance tutors, these courses provide applicants with intensive 13+ exam revision. We revise knowledge of topics, familiarise students with the British style of answering, develop exam skills and practice working to tight time restrictions. Students will come away with a plan of how to continue their revision as independent learners.
