

Moving to the UK?

Are you thinking of relocating your family to the UK? British Tutors has worked with many families over the years who are doing just that. With our focus on education, we have helped hundreds of children transition from Hong Kong to the school of their dreams in the UK. From providing detailed information about the UK education landscape, to helping with school selection and preparing children for exams, we are a full-service company that can guide your family through this often-complex journey. With a team of partners in the UK who can assist with other aspects of your move, we will help you fully prepare and ensure a smooth transition to your new life abroad.

HOW WE CAN HELP

Working with our UK school placement partner, Heritage Education, we provide both a Hong Kong and UK service, giving you uniquely comprehensive support in finding the right education path for your children. Our special relocation package covers all aspects of the move:

- In-depth consultancy to fully understand your family's individual needs.
- A thorough academic assessment of your child to include and advise on any areas in which extra academic support would be beneficial.
- Bespoke presentation of a 'long list of schools' that we recommend as suiting your child's interests, abilities and your plans as a family.
- Continual advice and guidance, leading to the creation of the 'short list' of schools to apply to and visit
- General preparation for parents and child in regard to the initial school visits.
- Arranging the school visits and subsequent applications – we will arrange all aspects of the school visits and accompany you.
- Academic advice and interview preparation.
- Placement at the desired school from the short list.

Alongside your child's education, we have a team of trusted, highly recommended experts in property, language acquisition, accountancy, pet relocation and many other areas enabling us to assist with all aspects of your relocation.
